

# STOP WWII REMOVE OBAMA NOW

If Barack Obama is not thrown out of office soon, civilization is in mortal danger. The British Monarchy is out to destroy the United States as we know it, and Obama is their puppet instrument for accomplishing exactly that. The overall objective of this London-centered oligarchy is to reduce the world's present population from the current official level of seven billion to less than one billion.

That is the issue that can no longer be dodged, if mankind is to survive the coming weeks and months. The present drive for World War III, beginning with the targeting of Iran and Syria, is driven by the British commitment to wipe out more than 80 percent of the human race, just as Prince Philip has demanded on numerous public occasions. Anyone who tries to deny this reality is endangering mankind by their failure to face the truth.

The British are controlling Obama as their puppet. They are engineering the crisis in Europe to impose dictatorships, and they are behind the wars and threats of global thermonuclear war. They know that their entire trans-Atlantic financial and monetary system is dead. They know that the leading nations of the Asia-Pacific region—Russia, China, India, Japan and the Koreans—are growing, relative to the rapid trans-Atlantic disintegration. This is totally unacceptable from the British standpoint, and so they are using their puppet Obama to prepare for the United States to use nuclear weapons in a global conflict,

already set in motion in the new cockpit for war—the Persian Gulf and Eastern Mediterranean region.

Under these circumstances, the only true measurement of American patriotism is the ouster of Obama from office now. If you are a patriot, you will join with me in getting Obama out of office, via legitimate Constitutional means. The President has already committed high crimes and misdemeanors that warrant his impeachment. He violated Article I Section VIII of the Constitution in taking the nation to war in Libya without consulting with the Congress. He has ordered the execution of American citizens, without due process. He has grossly violated the Geneva Convention, in ordering the execution of deposed Libyan dictator Muammar Qaddafi and much of his family, after they were in custody and disarmed.

In addition to these impeachable crimes, President Obama is clinically insane, and should be immediately removed from office under Section IV of the 25th Amendment, which provides for the orderly removal of a President who is physically or mentally unfit to continue to serve.

If a few people in positions of authority step up to the plate and demand action along these lines, this will already weaken Obama and greatly reduce the immediate danger of world war. This is the true measure of patriotism today.

**LIVE BASEMENT WEBCAST**  
**A NATIONAL**  
**POLICY DISCUSSION**

**NOVEMBER 19 2011 • 2PM EST / 11AM PST**

On Saturday, November 19th, LPACTV will be hosting its first ever, Live Basement Webcast Town Hall event. Beginning at 2 o'clock EST on the LPAC site, two members from LaRouche's Basement Team will deliver opening remarks on "what is the real universe such that you exist," then will field questions from gatherings in Seattle, Boston, Los Angeles and a number of other locations throughout the nation tuning in to join the discussion. Anybody viewing the presentation can participate in the discussion by forwarding their questions to **infolarouchepac@gmail.com**.

We convene this event during what may be one of the most definitive moments in the history of our species. Historically, it has been only the significant, fundamental scientific breakthroughs, specifically in economics and the role of mankind in the universe, that has ever effectively outflanked the historic and destructive commitment of the oligarchical principle to keep the population of man limited to a negligible number manageable by imperial means. Today it is the British Empire that wields the oligarchical principle, employing the President of the United States as its crown puppet. If we as a species wish to survive, and further our understanding of what this universe has in store for us, this is the immediate political reality that we must address. These issues and more will be the topic of our Live Town Hall event on November 19th. Tune in on **www.larouchepac.com**.
