

OBAMA: TANTAMOUNT TO TREASON

By Lyndon H. LaRouche Jr.

January 5th 2010

Whatever President Barack Obama may believe he is doing, matters have now reached the point at which his conduct in the matter of so-called "health-care legislation" must be condemned as tantamount to treason. Which is to say that his present actions are of the character, in effect, of an attempted destruction of our United States, in favor of the efforts of that manifest enemy of our republic's constitution which is the British monarchy.

As in the provisions of that monstrous assault on our Federal Constitution embodied in provisions of the so-called "health care," draft legislation pushed through the Senate, President Obama and his accomplices have pushed through clearly anti-constitutional legislation which, if adopted, would become a mass-murderous form of national practice against

our citizenry, which would probably result in massive wrongful deaths among our citizens before a due-process nullification of implicitly criminal forms of law could be remedied.

The presented evidence indicates that the intention of that monarchy is to reduce the world's population, rapidly, from a presently estimable level of about 6.7 billions living souls, to less than 2 billions.

Already, with the present stage of the British campaign against China, the clearly manifest intention of the present British monarchy is to destroy, one by one, the principal nation-state powers, including the U.S.A., Russia, China, and India, whose continued existence would be a serious impediment to the realization of the criminal intentions of the present British monarchy, whose policy would be mass murderous crimes against humanity vastly beyond those perpetrated by the war-time Adolf Hitler tyranny.

Those who should be witting in this matter, who could resist such clearly anti-constitutional, immoral proceedings must be warned that they will probably be held accountable for the wrong which they are working to enable.

In the relevant circumstances at hand, more than sufficient reason for the impeachment of President Barack Obama has been presented by the combined actions and expressed intent of President Obama's actions up to this point in time in the ongoing proceedings.

The time for wishy-washy vacillation by those who would be our patriots has ended. Our republic is already faced with an existential threat expressed by the actions and avowed further intentions of this President. Some one must put that clear issue clearly on the table. I am doing so now, herewith.

Emergency Message from LaRouche: TO WHAT ARE YOU LOYAL?

By Lyndon H. LaRouche Jr.
December 31, 2009

With the crafting of the Hitler-like “IMAB” conditionality in the Senate health-care bill, President Barack Obama’s faction within the Democratic Party has gone over, not only, to the side of the enemies of our Federal Constitution’s most fundamental principle, but, by lending aid to such implicitly treasonous action, has given support to that which is fairly described as the principle of Satanic evil expressed in the usurpatious, and, frankly pro-satanic policies of Britain’s former Prime Minister Tony Blair who has led in reviving Adolf Hitler’s war-time health-care policies, with the active prompting of him by the leading figures of the present British royal house.

Under these conditions, when our republic is under a presently existential threat to its continued moral, and also its physical existence as a free republic, our patriots must make a principled break with the presently incumbent British monarchy. Patriotic Democrats, in or out of the Federal Congress, will prove themselves patriots by breaking themselves free of the control recently exerted by that corrupted administration and its leading accomplices within the Presidency and the Congress.

They, for the very soul’s sake, must join with other patriots in summarily ridding this nation of that evil which is represented by those who have acted to support the frankly Satanic evil which the President has come to represent through policies of practice such as the present, implicitly pro-Satanic, version of the draft health-care legislation introduced under the present Senate leader.

By his actions in this matter, especially those offenses represented by his so-called “health-care reforms,” this President and those elements of his Administration and Party which have crafted the hideous, Hitler-like policies represented by the content of the present Senate draft of that bill, have made themselves complicit, whether wittingly or not, with a policy which is tantamount to that of the Nuremberg crimes traced to Hitler’s health-care measures introduced as those “Nazi Tiergarten 4” health-care policy under the war-time Nazi law which led to the great genocide for which leading physicians and others were condemned to death in the so-called “Nuremberg” proceedings.

We must join with those nations of the world which had led in defeating the evil scheme which the present British imperial monarchy had brought to the recent Copenhagen “summit.” We must align ourselves with those nations which share the principle which was defended against the evil, long associated with her consort, the Duke of Edinburgh, the which Her Majesty Queen Elizabeth II, had assigned to that Copenhagen “summit,” the Duke’s intention to reduce a world population of a currently estimated 6.7 billions living human souls, to two or less, that at a rapid rate.

We would hope that our sane and honorable “cousins” within the population of the United Kingdom would lend support to what should be, morally, our common cause against the monstrously great evil which the recent Senate action in support of President Obama’s and former Prime Minister Tony Blair’s evil scheme represents as a currently immediate, implicitly pro-Satanic, Hitler-like, threat to all humanity.
